ok... THIS POST is for Goodcow

i finally downloaded that video this morning (the one you sent me in the email link lastnight).... and i couldn't stop laughing.... that was AWESOME!!!! mostly that whole flip over the cow at the end. Are you doing anything else for the Metal Cow Solid? or was that the only scene you're doing?

I WANT MORE!!!

Donate money to me so I can rent out a set (preferably a boat) and I'll film more.

Until then, no.

Let's just say the server was crying out in mercy when I released the link on the Gaming Age forums yesterday. 59 people viewed the thread within the first ten minutes. That actually scared me. u_u So uh yeah, it ended up taking three hours plus for some people to download, even off cable connections.

But it should be fine now.

Wait... you go to gamingage? A friend of mine Pittstonjoma is hosted there, and so is Radiokid. You wouldn't happen to go to SNWO or Gameshark Archives would you?

You know, the thing that pisses me off though, is that there were 400 to 500 views of the thread on Gaming Age, and yet I only got like 12 comments back about the movie.

Oh, and the rolling over the dead cow at the end was mainly done because there was no way to get him over the dead body and all the other objects in the way without a hand clearly being visible.
