"Nice one. I have to say it's better than those 2 MGS fanfilms with human actors. O_o They tried, but this actually feels like MGS more than those movies. Kinda sad."

"I haven't laughed that much in a while. Very funny."

"Haha. Fucking rock!"

"Holy shit man you made me cry!!! I gotta show my bro this. I kept some of his stuffed cows BTW."

"holy shit that was awesome man! good work!"

How can I get hooked up with it? The WWC network needs to have it. Kids Show is burning through the network like the plague... give us the hook up GoodCow

I ran out of bandwidth for now, so not yet.

Is Kids Show really burning up the WWC network? What do people think?

It's a mix of "WHAT THE..." followed by shrieks of terror or ourburts of laughter. My personal favorite is the sausage factory... especially Pepe Junior. LOL... "They let us help pour in the rat feces" Most everyone eventually asks "DUDE! WHERE DID YOU FIND THAT? DO YOU HAVE IT SHARD??? ETC."
