### ***Metal Cow Solid 2***

This week I finished re-editing a Metal Gear Solid fan video I filmed back in February.

It's been well very recieved on the Gaming Age message boards, and was linked to on the MetalGear.net forums as well.

Anyway, here it is, and any comments are welcome. I hope you enjoy it.

As a huge MGS2 fan, I must humbly bow in the presence of your awesomeness. I was expecting a video using in game graphics, ho hum, but then... well, I won't ruin it for anyone else.

Excellent work.

Thanks for the comments. Metal Cow Solid 3: Beef Eater will go into production once MGS3 comes out.
